Subject: SFIREG EPA Dicamba Ad Hoc Work Group - Meeting Notes (5/15/2019)

From today's call, 4 items were identified that remain outstanding from the 5/1 call:

1. <!--[if !supportLists]--><!--[endif]-->Status: Posting of Endangered Species Webinar (4/10) - The decision to post the webinar online is undergoing administrative review at EPA Has there been a decision or any forward momentum to date?
2. <!--[if !supportLists]--><!--[endif]-->Request for a Written Reference: Requirement for Copy of Bulletin - Mark Corbin stated that OGC made the determination that the applicator must maintain a copy of the bulletin. There was some discussion, specifically, how this differs from other references on the dicamba labels to registrant websites for example, tank mixes and nozzles. SFIREG is requesting some type of written clarification or reference for enforcement purposes.

Deliberative Process / Ex. 5

Deliberative Process / Ex. 5

4. <!--[if !supportLists]--><!--[endif]-->SLITS - There appears to be continued confusion regarding SLITS and if it is operational. One SLA just recently received a response to a SLITS inquiry that was made 2 years ago(?). Is it again operational?

[Note: 5/15/19 An email was sent to Sandra O'Neil regarding the above items.]

In addition, the Guidance (dated 4/30) will be distributed to SLAs and posted on the AAPCO website along with the Label Tables. SFIREG is again requesting EPA's response, if any, to question #9 (see 3. above). Both the final Guidance and Label Tables will be forwarded to SFIREG Working Committees for their consideration.

Finally, May 29 is the last meeting of the SFIREG EPA Dicamba Ad Hoc Work Group.

Thank you.

LFT
